August 2025 – Present

- Engaging enthusiastically with guests to provide outstanding service.
- Serving high-volume guests efficiently in a fast-paced restaurant environment.
- Providing creative solutions to guests' concerns.

Kababayan at UC Irvine

Pilipinx-American Culture Night (PACN) Coordinator

Irvine, CA

May 2024 – June 2025

- Coordinated a production consisting of 260 cast members for an audience of 3,000.
- Presided over weekly board meetings for sharing updates and discussing logistics.
- Directed a board of 33 members composed of choreographers, script writers, graphic designers, music arrangers, cultural attire coordinators, props and stage producers, and business/marketing coordinators.
- Preserved and educated about Filipino culture through Filipino performing arts such as folk dances, choir arrangements, and an original play.

Anteater TV at UC Irvine

Anchor Intern

Irvine, CA

October 2022 – June 2025

- Produced scripts for video content and questions for interviews in contribution to the pre-production process.
- Interviewed business owners, student organization leaders, and other professionals on set.
- Hosted multiple episodes of Anteater TV's food exploration series "Hotspots" and podcast "The Green Room".

RELATED COURSEWORK

IN4MATX 133

- Built a digital web portfolio from raw HTML and CSS code

IN4MATX 132

- Designed a chore organizing mobile app named "Choreganizer" aimed to aiding college students to adjusting to chore responsibilities and a routine.
- Delivered a product presentation in a simulated stakeholder meeting.
- Collaborated with 3 other software engineering and informatics students.

IN4MATX 191A & 191B

- Designed a medication tracker mobile application titled "RxReminder" to aid users in managing chronic conditions and increasing medication adherence by visualizing user-reported medication-related symptoms.
- Utilized project management strategies such as sprints, Gantt charts, meeting notes, presentations, developing a business case, and compiling a project plan to carry out weekly deliverables.
- Engaged in a complete project development process by conducting user research, competitive analyses, risk analyses, stakeholder meetings, creating requirements documents, and developing software design.
- Collaborated with the Founders of Rx Studio and 5 informatics peers.
